

Crafting Relationships Stronger Than Steel

Company Overview

Icon Steel, a premier stainless steel manufacturer in the UAE, is at the forefront of the industry with a steadfast commitment to excellence, innovation, and customer satisfaction. We provide an extensive range of high-strength, durable steel products, including stainless steel, carbon steel, and advanced steel alloys. Our dedication to quality ensures that our steel solutions meet the highest standards, catering to the diverse needs of our clients. Equipped with cutting-edge technology and a team of seasoned experts, Icon Steel consistently delivers innovative and reliable steel products. Our focus on precision and quality sets a new benchmark for excellence in the steel industry. By prioritizing customer satisfaction and continuous improvement, we have established ourselves as a trusted leader in the UAE's steel manufacturing sector.

MISSION

To pursue the highest standards of quality and achieve customer satisfaction through a synergy of excellence and commitment.

VISSION

To evolve as a brand that would be best admired for its research focus, quality assurance and tradition of customer satisfaction.

VALUES

Professionalism is anchored in our work culture.

04

R&D

R&D is crucial to our business operations.

05

Welfare

The well-being and asfetry of our people is paramount to us.

Areas of Expertise

Manufacturing

- Government sector special components
- Facades and Interfaces
- High alloy valve parts: Shafts, Flanges, BKF Flanges, Lock Rings, Allen bolts
- Oil & gas burner parts: Nozzles, Oil guns, Bushes, etc.
- Marine components: Shafting, Bushes, Liners, Couplings.
- Furnace & heat treatment: High alloy parts, fixtures, spares.
- Special grade metal welded assemblies: Anodes, Electrolysis processes.

Supply & Services

- Stockist/Exporter/Supplier of Stainless Steel (AISI-302, 303, 304, 304L, 310, 316, 316L, 321, 347, 410, 416, 420, 430, 431, 440C, 446, 17-4 PH), Copper, Brass, and Aluminum.
- Provides various shapes including Rods, Sheets, Plates, Angles, Pipes, Flanges & Fittings, and Industrial Raw Materials.
- Offers Hydraulic and Pneumatic fittings & Pipe fittings tailored to client requirements.
- Specializes in high-pressure applications for industries such as Steel & Power, Marine, Oil & Gas, Pharma, among others.

Specialized Products

- Nickel-based materials: Monel, Titanium, Hastalloy, Mumetal nickel sheets, Inconel, Duplex, Super duplex, Molybdenum, Tungsten, Cobalt.
- Offers High-speed steel, Die steel, Alloy steel, Spring steel, and other exclusive items tailored to customer specifications.
